

 Presented to 

Barbara Kerr Hamilton

A model graduate of the University of Maine and a distinguished leader who has exerted a strong influence on the paper industry, her community, and this Foundation. 

She has been a devoted leader for more than a decade in progressive development of the Foundation as: a committee member, committee chair, director at large, president and chair. 

Through her efforts, and those of other scholarship recipients, the University of Maine has become well known throughout the paper and supplier industries as a source of capable engineers and managers. 

This Honor Award is presented as a token of our deep appreciation and to recognize her many valued contributions enhancing the University of Maine's reputation for excellence throughout the paper and related industries. 

Presented this 3rd day of April, 2013

The University of Maine
Pulp and Paper Foundation
